In the matter of)
Amendment of Section # 73.202 (b))
Table of FM Assignments)
Broadcasting Stations.)
)
Pauls Valley, Oklahoma)

PETITION FOR RULE MAKING

Washita Broadcasting, Inc., with the assigned call sign KGOK in the city of Pauls Valley, Oklahoma respectfully requests that the table of FM assignments in section # 73.202 (b) of the rules be amended to show the following changes in the assignments for the city of Pauls Valley, Oklahoma.

CITY	CHANNEL	NUMBER
.....
PAULS VALLEY, OKLAHOMA	249 - A	DELETE
PAULS VALLEY, OKLAHOMA	249 - C3	ADD

and in support thereof states the following:

- (1) The City of Pauls Valley, OK. has a population of 6,150 persons and the population of Garvin County in the State of Oklahoma is 26,605 persons listed in the Year 1990 U.S. Census of population, State of Oklahoma.

At the present time FM radio broadcasting station KGOK operates on the FCC licensed channel # 249 A with a effective power of 3.0 KW. The station respectfully requests that the FM channel 249 C3 be assigned to the city of Pauls Valley, Oklahoma and that the station license authorization of station KGOK be up-graded to operate on FM channel # 249 C3. The petitioner (Washita

Broadcasting, Inc.) also requests that after KGOK is operating on FM channel # 249 C3 that the present FM channel #249 A be deleted from the FCC Table of Assignments.

(2) As indicated in the following engineering statement supporting this petition for rule making, FM channel #249 C3 could be constructed when KTNT, Edmond, Oklahoma completes the change of channels to #250 A. Docket # 92-53 amended the table of assignments for Edmond, Oklahoma from #249 A to 250 A. A Form 301 has been filed. KGOK requests a change of site location to comply with the minimum separation requirements for section # 73.207 of the Commissions Rules when applied to the existing Table of FM Assignments. Exhibit E1.

(3) Washita Broadcasting, Inc. does hereby state the following: In compliance with FCC Rules section # 1.401, Washita Broadcasting, Inc. respectfully requests that FM channel # 249 C3 be assigned to Pauls Valley, Oklahoma and Washita Broadcasting, Inc. further states that if this channel is assigned to Pauls Valley, Oklahoma that Washita Broadcasting, Inc. will apply for the up-grade to radio station KGOK with FCC form # 301 seeking a FCC construction permit. After the construction permit has been granted, Washita Broadcasting, Inc. further states that they will modify to channel 249 C3 at the proposed location. Exhibit E2.

Washita Broadcasting , Inc. (KGOK) serves the community of Pauls Valley, Oklahoma , Garvin County, Oklahoma and surrounding communities. The proposed new location and the increase in effective radiated power will better serve the population.

(4) ENGINEERING REPORT:

COMMERCIAL FM CHANNEL ALLOCATION SURVEY

City: Pauls Valley, Oklahoma

FM Channel # 249 C3

Up-Grade for FM radio station KGOK for a class "C3" status with height above average terrain of 100 meters and a effective radiated power of 25.0 KW. This FM channel # 249 C3 allocation survey was centered on the following geographical coordinates:

N. L. 34 - 42' - 14" W. L. 097 - 15' - 46"

This is an existing site and no further site construction would be required. Attached to this petition is a complete FM channel #249 C3 allocation survey.

- (5) The FM channel engineering study contained in this FM petition for rule making and station up-grade was conducted by Glenn L. Bell, Technical Consultant, Bell Consulting, Inc., 2750 S. 167th. West, Goddard, Kansas 67052. Telephone (316) 794-2334, (316) 942-2424.

WASHITA BROADCASTING, INC.
P. O. Box 610
Pauls Valley, OK 73075

Dear Mr. Bell:

I have been contacted by Kelly Rawlings, President of Washita Broadcasting, Inc., with reference to negotiating a lease with KVLH-KGOK radio station for space on the 448 foot triangular steel tower owned by me doing business as Valley Communications, a sole proprietorship. The tower is situated in the SW/4 of SW/4 of NW/4 of Section 25, Township 3 North, Range 1 West, of the IB&M, Garvin County, Oklahoma, being approximately 2.5 miles Southwest of the City of Pauls Valley, Oklahoma, on the Airline Road, located at 34 degrees 42 minutes 14 seconds North Latitude, and 97 degrees 15 minutes 46 seconds West Longitude, and is at a ground elevation of 985 feet above mean sea level.

At this time, space is available on the tower for the location of your transmitter antenna to operate at 97.7 MHz at any height on the tower which you should determine most suitable for your purpose; and I look forward to negotiating the terms of a lease of tower space with your company. Please do not hesitate to advise me if you need of any further information which I may provide regarding the tower or the lease to be negotiated for space on it.

Sincerely,

A handwritten signature in cursive script that reads "Wilma B. Jones".
